

MEDIA RELEASE: Thursday 9th January 2020

Don't Let Your Business Be A Statistic of Cyber Crime

Every 10 mins a cyber crime is reported to The Australian Cyber Security Centre* and local businesses are not immune.

A *Cyber Security* workshop, presented by local technology organisation, *Cloudwize Technologies*, is a key workshop at the 2020 Tamworth Regional Business Summit. The workshop is designed to build awareness of cyber-crime and provide tips and tricks on how to protect your business online.

The Summit, to be held on 17 - 19 March 2020, is an opportunity for businesses in the Tamworth Region to come together to build resilience and shape their business during uncertain times.

Chamber President, Jye Segboer is encouraging all local business owners, operators, staff and start-ups to attend, stressing the importance of planning for future.

“Our aim for the 2020 Summit is to deliver real solutions to real problems for real people.” Said Mr Segboer.

There are two ticket options:

GOLD PASS – THREE DAYS - \$250 (*three days for the price of two*)

SINGLE DAY - \$175

A GOLD PASS valued at \$250 provides unlimited access to all keynote presentations, the “*Moving Forward in a drought economy*” and “*Growing regional economies*” panel discussions and workshops across the three day Summit. Day passes are also available for \$175 per day. Morning tea and lunch, plus Summit pack included in ticket price.

Registration open and Tickets NOW ON SALE via Summit [website](#) or by contacting the Chamber office on 02 6766 4810.
